Hi all,

Teresa just asked a question about logging the ACP opinions in Dynamics. Wanted to make sure everyone is aware that there is an Issue called "Atlantic Coast Pipeline" under the Issue Type "NC Department of Environmental Quality." You may log opinions as General Inquiry case types noting it is an opinion about the Atlantic Coast Pipeline in the subject line.

Just can't get rid of me when it comes to Dynamics ☺

Best,
Sallie

Michael and Sheryl – DEQ announced it has approved a key permit for the Atlantic Coast Pipeline. We are about to share a comment from the Governor.

I expect there will be an influx of calls and mail. Please see the attached talking points for use on the phones. We will follow up with a sample response that can be sent to those who email and write in.
